Part IV: Diagnostic Assessments

Diagnostic assessment is a particular type of formative assessment intended to help educators identify students’ specific knowledge, skills, and understanding in order to build on each student’s strengths and specific needs. Because of their domain specificity and design, diagnostic assessments can guide curriculum planning in more specific ways than most summative assessments.

5. Please select the **academic** diagnostic assessments predominantly used in each grade level in your LEA to monitor, assess, and target supports for student learning. The list below is not exhaustive and contains places to include diagnostics not listed.

Part VII: Monitoring Student Progress

13. Describe how your LEA will consistently apply the selected equity analysis and diagnostic assessments to evaluate and monitor student progress and effectiveness of the strategies/interventions implemented to address gaps in student learning and well-being.

For example:

"Our district uses an equity analysis process every three months to monitor progress, adjust strategies and identify student learning gaps."

Our district evaluates students on a monthly basis in order to monitor progress and adjust strategies and instruction. Since we have not changed our practice of daily instruction and full day learning the process of assessments and analysis continues to be same as any given school year.

Part VIII: Supports for Strategies/Interventions

- 14.** Of the strategies/interventions your LEA has implemented or is planning to implement, identify **up to three** in which your LEA has the knowledge, skills, and capacity to mentor another LEA.

n/a

- 15.** Of the strategies/interventions your LEA has implemented or is planning to implement, please identify **up to three** strategies for which your LEA needs more support.
